ROAD SAFETY

COURSE NUMBER: CRS15651/199

AIM OF COURSE: To provide drivers with an understanding of how they can contribute towards road safety and mitigate risks when interacting with vulnerable road users; providing a greater appreciation of current trends and initiatives.

CERTIFICATION:

On completion of this course a certificate of attendance will be issued to all delegates.

Details will be recorded on the Driver & Vehicle Standards Agency database.

Training records maintained

BESPOKE OBJECTIVES:

The following objectives can be included if required: -

1. Specific company policies.
2. Road risk management.
3. Company campaigns.

COURSE CONTENT:

- Relaxed group discussion introducing the syllabus to all drivers of both PCV and LGV to be approved by: - **Joint Approvals Unit for Periodic Training (JAUPT)**
- Provide drivers with an understanding of road safety and the importance of maintaining not just their safety but ensuring all road users are safe. Identification of current trends and road safety initiatives. Group exercise to determine driver's appreciation of vulnerable road users and actions they can take to mitigate risks.
- Introduce Highway factors and engineering explaining how they continue to evolve, improving both vehicle and driver's safety. Enhance drivers understanding of how their interaction with vulnerable road users can be improved to reduce risks.
- Identify professional bodies responsible for the delivery of road safety campaigns, requiring delegates to confirm their attitudes and what they can do to support road safety going forward.
- Knowledge Checks.
