COLLISION AWARENESS

COURSE NUMBER: CRS15651/199

AIM OF COURSE:

To ensure drivers are aware of their legal requirements following a collision, understand the importance of safety at the scene and how to reduce their likelihood of being involved in a collision.

CERTIFICATION:

On completion of this course a certificate of attendance will be issued to all delegates.

Details will be recorded on the Driver & Vehicle Standards Agency database.

Training records maintained

BESPOKE OBJECTIVES:

The following objectives can be included if required: -

1. Specific company policies
2. Company collision stats
3. Company collision types (Causal links)

COURSE CONTENT:

- Relaxed group discussion introducing the syllabus to all drivers of both PCV and LGV to be approved by: - **Joint Approvals Unit for Periodic Training (JAUPT)**
- Provision of Stats 19 National collision statistics, identifying casual links; introduce legislation and identify driver's responsibilities through regulations quiz and presentation.
- Interactive team exercise highlighting collision awareness, responsibility, and avoidance, allowing drivers a unique opportunity to investigate a series of collisions and determine a driver's responsibility and their ability to avoid crash situations in the future.
- Post collision safety at scene, group exercises to identify places of safety, precautions, and initial evidence collection at scene of collisions in various environments. Importance of confirming legality and safety of vehicle prior to commencing journey, meeting organisational requirements, and contacting emergency services with accurate information to avoid confusion.
