# SAFE MOTORWAY DRIVING & SMART MOTORWAYS

COURSE NUMBER: CRS15651/199

## AIM OF COURSE:

To ensure drivers can drive safely and lawfully on all Motorways, understand Motorway rules, regulations, and technology. SMART Motorway signage, dynamic traffic management and what to do in the event of a breakdown or involvement in a collision.

## CERTIFICATION:

On completion of this course a certificate of attendance will be issued to all delegates.

Details will be recorded on the Driver & Vehicle Standards Agency database.

Training records maintained

## BESPOKE OBJECTIVES:

The following objectives can be included if required: -

1. Red Routes
2. No Waiting

## COURSE CONTENT:

- Relaxed group discussion introducing the syllabus to all drivers of both PCV and LGV to be approved by: - **Joint Approvals Unit for Periodic Training (JAUPT)**
- Delegates will be discussing motorway signs and lines and the effects they have on safe use of the network. They will take part in a motorway signs quiz to accurately identify common motorway signs. Trainer will introduce tiger tails, bull nose, vibro line and stud colours.
- Smart Motorways and their unique signs and how they affect the way we drive on the network safely. Dynamic traffic management, all lane running, ERAs and Dynamic hard shoulder running.
- Motorway rules and regulations, lane discipline, dealing with breakdowns and road traffic collisions, HE Traffic service powers and service provision, personnel safety, and places of safety.
- Knowledge check.
